Product Specifications

BBUL4435-P4 WIDE-BODY TV/VCR CART

Bretford's open shelf wide-body TV/VCR carts, BBUL4435, has the strength and stability to support heavy AV/Video equipment. Large television monitors of up to 35" diagonal screens are easily supported on the BBUL4435. Its wide-body design provides an oversized base shelf for greater stability especially during transport.

SUGGESTED SPECIFICATIONS

BB4435 Wide-Body TV/VCR Table has two (2) 18-gauge steel 36 $\frac{1}{4}$ " W x 23 $\frac{3}{4}$ " D shelves and one (1) 18-gauge 36 $\frac{1}{4}$ " W x 28 $\frac{3}{4}$ " D shelf (to be used as the bottom or base of the table). Shelves are press formed with a $\frac{1}{8}$ " lip bordering the top surface on all four (4) sides. Corners of the shelves open so the sides do not connect. Table legs fit flush to the shelves. Each corner has 13-gauge steel mounting brackets with $\frac{1}{4}$ " square head bolts and hex nuts that tighten to hold leg securely to table. The two (2) 36 $\frac{1}{4}$ " W x 23 $\frac{3}{4}$ " D shelves have two (2) $\frac{3}{16}$ " diameter holes centered on both the right side and the left side to accept an optional electrical assembly. Top two shelves have grommet hole at rear for cord management. Table legs are 18-gauge 1" square tubular steel. Each leg is 39 $\frac{1}{2}$ " in length and angled so the top part fastens to a 36 $\frac{1}{4}$ " W x 23 $\frac{3}{4}$ " D shelf and the bottom of the leg fastens to a 6 $\frac{1}{4}$ " W x 28 $\frac{3}{4}$ " D base shelf. The table stands 44" H from the floor (including the 4" casters). Leg has hard plastic caster insert mounted in the bottom of the tube. Each leg has a hard plastic cap detail inserted into the bottom of the tube. Each model has a powder paint finish. Casters are mar resistant hard black rubber and measure 4" in diameter. Each caster assembly has ball bearing swivel capabilities and steel construction. Two (2) have locking brakes. Optional electrical assembly is completely enclosed with two (2) grounded outlets, 20 ft. 3-wire cord and two (2) $\frac{3}{16}$ " diameter machine screws with wing nuts for attaching unit to table. Optional electrical assembly is UL listed when attached.
