## WEIGHT AND FREIGHT CLASS

EC2741-BK: 73 lbs

EC2741FF-BK: 75 lbs

Ships UPS in one carton pack ready to assemble

## Suggested Specifications

EC2741-BK Adjustable LCD Projector Table has one (1) 20-gauge steel shelf, 37" W x 22½" D. Shelf is press formed so that a ⅛" lip borders the top surface on all four sides. Surface has two grommets in both the left and right back corners. Four (4) 14-gauge steel legs, 20¼" in length, are welded to the shelf at each corner. Each leg has four (4) ¼" diameter holds down the center so it accepts a ¼" 20 machine screw. The holes are spaced 2" apart to permit table adjustments of 27", 29", 31", 33", 35", 37", 39" and 41" in height. Table shall have one (1) 20-gauge steel 36" W x 18" H modesty panel that is attached between the rear legs. Modesty panel has an integrated cord management bin which measures 1 ½" D x 4" H. Adjustable projector table has one (1) 14-gauge steel, welded "H" frame assembly. Has one 18-gauge adjustable CPU holder that mounts to the left or right side of the "H" frame base. The CPU holder adjusts from 6 ½" - 11 ½". Four (4) 14-gauge steel legs, 19" in length, are welded to the "H" frame. Each leg has one (1) ¼" diameter hole spaced 2" from the top and in the center so it allows eight (8) height adjustments (as noted above). Arc welded caster socket with a hard plastic caster insert is secured to the legs. Casters are mar-resistant Black hard rubber and are 4" in diameter. Each caster assembly has ball bearing swivel capabilities and steel construction. Two (2) have locking brakes. Model # EC2741FF-BK includes a surge protected 4-outlet electrical assembly with on/off switch and 20' 3-wire cord and two (2) ⅜" diameter machine screws with nuts for attaching unit to the table. Electrical assembly is C-UL and UL listed when attached. Finished in Black powder paint. Table ships ready to assemble (K.D.) in one (1) carton pack.
